STATISTICS OF CARRIERS BY INLAND AND COASTAL WATERWAYS

3

YEAR ENDED DECEMBER 31, 1947

INTRODUCTORY STATEMENT

This summary of statistics of carriers by inland and coastal waterways, formerly designated as carriers by water, for the calendar year 1947 is the 28th of a series compiled from the annual reports filed by those carriers by water subject to the jurisdiction of the Interstate Commerce Commission.

The carriers by water have been divided, for reporting purposes, into three classes based on their average annual operating revenues and in accordance with the following definitions: Class A carriers are those carriers by water having average annual operating revenues exceeding \$500,000; Class B carriers are those carriers by water having average annual operating revenues exceeding \$100,000 but not more than \$500,000; and Class C carriers are those carriers by water having annual operating revenues of \$100,000 or less.

For the year 1947, annual reports were received from 291 carriers, of which 71 were in Class A, 94 were in Class B, and 126 were in Class C. There were 25 reports in Class C which did not show sufficient data to be included in the compilations.

In addition to the annual reports, the Commission requires from carriers by inland and coastal waterways quarterly reports covering data of freight revenue, passenger revenue, tons of revenue freight carried, and number of revenue passengers carried.

The relative importance of the three classes of carriers by water is shown by the following table:

TOTAL OPERATING REVENUES OF CARRIERS BY INLAND AND COASTAL WATERWAYS
Calendar Years 1947 and 1946

Class of carrier	Number of reporting carriers - 1947	Amount		Percent	
		1947	1946	1947	1946
Class A ...	71	\$139,465,662	\$93,591,605	75.51	72.91
Class B ...	94	35,441,948	29,333,473	19.19	22.85
Class C ...	101	9,797,274	5,442,686	5.30	4.24
Total ..	266	184,704,884	128,367,764	100.00	100.00

Since 1942 certain coastal and intercoastal carriers have been permitted to file a copy of their General Financial Statement required by the United States Maritime Commission, in lieu of the regular annual report to the Interstate Commerce Commission. In 1947, there were 25 such carriers. They are listed in Table 4, and the selected data there shown have been taken from these General Financial Statements and are not included in the above table nor in Tables 1, 2, and 3.
